### Hi Neighbor!

For a significant number of families in the T/E School District, the current economic crisis is much more than a headline. It is a reality that impacts every facet of their daily lives. Can they pay the rent? Will there be enough food on the table? The question also hangs heavily as to how they will find the money to equip their children with the required school supplies for the coming school year.

Tredyffrin & Easttown Care, a non-profit group founded in 2005, assists many local families with rent, utilities, medicine, education and car repair bills. The spectrum of services provided by this grassroots organization also includes providing food, furniture, computers, clothes and even cars to struggling families. Last year through community donations, T&E Care was able to provide school supplies to 40 children in our area, including everything from pencils to backpacks.

T&E Care is now gearing up for its 4th Annual School Supply Drive (July 11-Aug 2) and it faces a much greater challenge this summer, as the need for assistance has tripled. More than 120 students have been identified by local counselors as needing financial assistance for the purchase of the required school supplies and backpacks. We will need the help of many in the community to reach our goal.

If you choose to help these students, you provide them with much more than school supplies. You give peace of mind to the families and boost the confidence of these children as they set out on their first day of the new school year.

Please check out our website-- - <http://www.tecare.org> and see how you can help support this important project so ALL local kids can start the year off right!

~ Margie Winters and Sandi Gorman

**Enjoy!**
