

Hi Neighbors!

 Visit
InWayne.com!

Today we said goodbye to our Fresh Air child who had been staying with us for the past week. This is the third year she has been with us. One of the best things about her visits is that she inspires us to try new things ~ things she wouldn't normally have the opportunity to experience. This past weekend we went tubing down the Brandywine. I was hesitant but willing to try for her sake. It ended up being one of our best family trips. Tubing is the perfect way to weather the heatwave. It can be as relaxing or active as you want it to be. While the adults opted to relax and leisurely float down the river, the kids abandoned their tubes and swam most of the way. If you have a chance, I highly recommend you give it a try before the summer ends. And next summer, host a Fresh Air kid and take them along with you.

Tredyffrin & Easttown Care Announces 2008 School Supply Drive for Local Students July 22 - August 8th:

To prepare for the first day of school, T&E Care is collecting the required school supplies and distributing them to local students in need. You can help by picking up some extra notebooks or pencils while you're shopping for your own child. Or perhaps you'd like to buy all of the required supplies for one child or a family. The complete list of requested supplies is available on www.tecare.org. If you don't feel like shopping - we'll take gift cards as well.

In the meantime, any questions related to the school supply drive should be sent to schoolsupply@tecare.org.

Enjoy!
