

## **Hi Neighbor!**

My son and his good friend turned 13 this year and had a big combined party to celebrate. They invited about 50 kids. They decided it would be crazy to get that many gifts (not to mention they don't need a thing)! So instead, they asked for donations. They decided to donate to the [Camp Assistance program that is part of T&E Care](#). In addition to all of the great programs T&E Care runs, they make camp available to kids who would not be able to afford it. Not only that - if a child needs a ride to a local summer camp location, they can provide that as well! We tend to make our donations around the holidays but unfortunately need is not seasonal. For the underprivileged their needs continue after our holiday giving is done. [T&E Care](#) keeps an updated list of items needed and ways you can help all year long. The boys ended up raising \$620 and are happy to know that someone will be going to camp that might not have been able to... that is way better than getting another Xbox game or iTunes giftcard!

**Enjoy!**  
**Regina**
