

CARING ABOUT T/E CARE

T&E Care, a group that helps people in the community and is celebrating its fifth anniversary, recently received a citation from the state House of Representatives for its work. "One of the most gratifying things I get to do is to formally recognize and celebrate individuals and groups within my district that consistently make a positive difference and improve the quality of life for others. The story of the beginning and continuing mission of T&E Care reaffirms that families do help families," said State Rep. Paul Drucker, who presented the citation. Pictured above are student and adult T&E Care volunteers with Drucker, Sandi Gorman of T&E Care and Tredyffrin Township Supervisor John Di Buonaventuro. Left: Drucker presents the citation to Gorman.
