## **T&E CARE 2021 KIDS' CLOTHING DRIVE**

On Saturday, Apr. 24, T&E Care completed the 2021 Kids' Clothing Drive. Even with a pandemic-adapted format, the drive was a huge success and all donations received in the morning were handed out that afternoon.

The Tredyffrin/Easttown School District lent the use of its maintenance building for the event, and the Conestoga High School girls and boys rugby teams helped with the unloading of all the donations.

The event would not have been possible without the incredible committee chaired by Chris Wells. The drive received a significant amount of clothing donations and about \$10,000 in gift cards, allowing T&E Care the opportunity to make a difference in the lives of more than 100 local kids.
